

## FACULTY SENATE RESEARCH COMMITTEE

### **A Resolution on Involvement of Faculty and its Elected Representatives in Shaping Strategic Planning**

**by the Faculty Senate Research Committee**

Whereas, the Faculty Organization Plan stipulates in Article 2, section 4.2.... “The Assembly shall have the power to direct the Senate to include in the agenda of the Senate or any of its committees, or to study and report back to the Assembly, or to take such other action as may be appropriate with respect to any matter of concern to the Assembly”;

Whereas, the Assembly met on October 22, **2019** and by voice vote approved a petition calling for Senate action, through four of its committees and through the Senate as a whole on six items related to the culture initiative and strategic planning process;

Whereas, **the fifth of the six items approved by the Assembly at its October 22, 2019** meeting reads “Given the faculty’s exclusive expertise in determining and delivering curriculum and in conducting research, the Assembly directs the Faculty Senate as well as the Senate committees on a) Educational Policy & Technology, b) Fiscal Planning & Budgeting, c) Professional Ethics & Academic Freedom, and d) Research, to include on each of their respective agendas the following item: “Should the four strategic planning committees appointed by the President (World Class Faculty, High Quality Undergraduate Education, Distinguished and Distinctive Graduate Education, High Impact Research) report their findings to the Faculty for approval and /or amendment before these reports are sent to the Strategic Planning Task Force or the GWU administration?” The Senate and each of the four committees mentioned above (a) Educational Policy & Technology, b) Fiscal Planning & Budgeting, c) Professional Ethics & Academic Freedom, and d) Research) shall report their findings at a Senate meeting by November 8, 2019”;

Whereas, AAUP guidelines direct universities to secure meaningful faculty input and approval and oversight before implementing changes to policies related to general education, curriculum, research, subject matter of instruction, institutional policies on student admissions;<sup>1</sup>

**Now therefore be it resolved by the Faculty Senate Research Committee**

1) That that the strategic planning committees for World Class Faculty, High Quality Undergraduate Education, Distinguished and Distinctive Graduate Education, and High Impact Research should each report their findings to each of the following committees: (a) Educational Policy & Technology, (b) Fiscal Planning & Budgeting, (c) Professional Ethics & Academic Freedom, and (d) Research for comment, input, and/or endorsement before these reports, with comments and/or input from the Senate and its committees attached as a part of the reports, are sent to the Strategic Planning Task Force and/or the GWU administration.

2) That the Strategic Planning Task Force submit its report to the Faculty Senate and each of the following committees (a) Educational Policy & Technology, (b) Fiscal Planning & Budgeting, (c) Professional Ethics & Academic Freedom, and (d) Research for approval, or amendment, or disapproval before submitting its report, as potentially amended by the Senate and its committees, to the President and Board of Trustees.

November 1, 2019

---

**<sup>1</sup> AAUP Statement on Government of Colleges and Universities**

“The faculty has primary responsibility for such fundamental areas as curriculum, subject matter and methods of instruction, research, faculty status, and those aspects of student life which relate to the educational process. On these matters the power of review or final decision lodged in the governing board or delegated by it to the president should be exercised adversely only in exceptional circumstances, and for reasons communicated to the faculty. It is desirable that the faculty should, following such communication, have opportunity for further consideration and further transmittal of its views to the president or board.”

“With regard to student admissions, the faculty should have a meaningful role in establishing institutional policies, including the setting of standards for admission, and should be afforded opportunity for oversight of the entire admissions process”
